E-Rate Solutions Webinar

Secure, Ready to Deploy E-Rate Solutions

The E-Rate program has become a critical resource for schools and libraries in their ongoing effort to provide secure, reliable and robust technology services to their faculty, students, staff and patrons.

This **Secure, Ready to Deploy E-Rate Solutions** webinar, on **Tuesday, December 15, 2020 from 12:00 p.m. to 1:00 p.m. ET**, is designed to give you real-world solutions and access to experts about network and endpoint security, Wi-Fi, and co-managed network services solutions eligible for E-Rate program funding.

Networking For Future (NFF) has been providing E-Rate solutions for over 10 years. We're pleased to host this unique opportunity for you to learn more about secure, ready to deploy E-Rate solutions, and hear from your IT peers about the funding they've received, how they're spending the funds, and their future plans for the funding.
