

WASHINGTON, September 14th, 2023 — Networking For Future, Inc. (NFF), a performance focused IT solutions provider, today announced that for the fourth time in the last five years they ranked in the top five State and Local Government and Education (SLED) partners for Cisco in the mid-Atlantic. NFF has been a Cisco Gold partner since 2009 adding the Customer Experience Specialization Certification in 2021, and IOT Certification in 2023.

NFF increased their sales and installation across the entire Cisco product and services portfolio, including Enterprise Networking, Security, Services and Collaboration and Cloud Infrastructure and Software.

Major awards included contracts with the Government of the District of Columbia and the District of Columbia Public Schools, Metropolitan Washington Airports Authority (MWAA), West Virginia School of Osteopathic Medicine, Catholic and and Georgetown Universities.

Tim Murphy, partner account manager at Cisco Systems, stated, “Once again, the NFF team continued their outstanding success across the Cisco portfolio by driving high value, transformational solutions to our joint customers. Additionally, their post-sales engineering services and customer support is allowing their clients to achieve the desired business outcomes in short order.”

“Today’s IT environment is more complex and requires more focus on segmentation and security than ever. These contract awards are a testament to the dedication our team brings to improving the performance and security of our customers and highlight our commitment to the SLED market.” said Steve Hancock, Vice President of Sales Operations at NFF.

### **About Networking For Future, Inc.**
